11. Quality Assessment and Peer Review

- 11.1 The MoJ has a policy requirement to improve the quality of medical reporting. MedCo is required by the MoJ to keep the quality of medical reports under review. Quality Assessment and/or Peer Review will be arranged through the expert audit and peer review (EAPR) sub-committee in order that MedCo may meet that requirement.
- 11.2 EAPR may carry out reviews of Case Data at any time and for any reason. Where EAPR, in its sole discretion, considers that issues arise from review, the DME will be contacted by EAPR and should co-operate with EAPR's requests.
- 11.3 During the term of this User Agreement MedCo may keep the quality of medical reports under review by way of:
- (a) Quality Assessment – in which the quality of the DME's reports is kept under review. Such review will include, but is not limited to, issues of the DME's conduct, where such issues have been raised with EAPR or are apparent from a review of the Case Data. Quality Assessment will include examination of the Case Data provided by the DME and, where appropriate, consideration of Anonymised copies of medical reports;
 - (b) Peer Review – is carried out by a panel of medical professionals experienced in conducting relevant medical-legal work who report their findings to EAPR. The peer review will involve a review of the DME's Anonymised medical reports to establish and ensure that the quality of the medical reports produced is of the highest standard. The identity of the DME will not be notified to the panel, and the identity of the members of the panel will not be notified to the DME.
- 11.4 Quality Assessment or Peer Review may result in the DME's access to the Service being suspended in accordance with Clause 14 if EAPR consider this appropriate. The DME may also be required, at their own expense, to complete further training or other steps as assessed and advised by EAPR.
- 11.5 If MedCo concludes that the findings of the Quality Assessment or Peer Review are such that the DME should no longer be Accredited:
- (a) that will constitute a material breach of the DMEs obligations under this Agreement;
 - (b) MedCo will withdraw the DME's Accredited status; and
 - (c) MedCo will terminate this User Agreement forthwith in accordance with the termination procedure set out in Clause 15 of this Agreement.

12 Escalation Procedure

- 12.1 If a dispute arises out of or in connection with this User Agreement or the performance, validity or enforceability of it (a "Dispute") then, except as expressly

- 12.2 Either Party, within 14 days of a Dispute arising, shall give to the other written notice of the Dispute, setting out its nature and full particulars together with relevant supporting documents (“Dispute Notice”), together with relevant supporting documents. On service of the Dispute Notice, a member of MedCo’s Personnel or representative of the relevant MedCo committee (as specified by MedCo) (“MedCo Representative”) and the DME shall attempt in good faith to resolve the Dispute;
- 12.3 If the MedCo Representative and DME are for any reason unable to resolve the Dispute within 30 days of service of the Dispute Notice, the Dispute shall be referred to a more senior member of MedCo’s Personnel or representative of the relevant committee (as specified by MedCo) (“Medco Senior Representative”), who shall attempt in good faith to resolve it with the DME; and
- 12.4 If the MedCo Senior Representative and the DME are for any reason unable to resolve the Dispute within 30 days of it being referred to them, and where both Parties agree, the Parties will attempt to settle it by mediation in accordance with the CEDR Model Mediation Procedure. Unless otherwise agreed between the Parties, the mediator shall be nominated by CEDR Solve. To initiate the mediation, a Party must serve notice in writing (“ADR Notice”) to the other Party to the Dispute, requesting a mediation. A copy of the ADR Notice should be sent to CEDR Solve. The mediation will start not later than 30 days after the date of the ADR Notice unless otherwise agreed in writing between the Parties.
- 12.5 Neither Party may commence any court proceedings in relation to the whole or part of the Dispute until 30 days after service of the ADR Notice, save that proceedings may be issued in any case if the right to issue would otherwise be prejudiced.
- 12.6 If the Dispute is not resolved within 30 days after service of the ADR Notice, or either Party fails to participate or to continue to participate in the mediation before the expiration of the said period of 30 days, or the mediation terminates before the expiration of the said period of 30 days, the Dispute shall be finally resolved by the courts of England and Wales in accordance with Clause 21 of this User Agreement.
- 12.7 MedCo may record the escalation meetings, subject to the attendees of the meeting giving their explicit consent to the meeting being recorded. No other party may record the escalation meetings but MedCo will make transcripts of the meetings available upon request

- (a) subject to Clause 15.5(d), the DME will no longer have access to the MedCo Database or the Database Data;
 - (b) the accrued rights, remedies, obligations and liabilities of the Parties as at termination shall not be affected, including the right to claim damages in respect of any breach of this User Agreement which existed at or before the date of termination, subject to the limitations set out in Clause 10;

Schedule 1

Ethics Policy

This policy is for Authorised Users, Medical Reporting Organisations (MROs) and Direct and/or Indirect Medical Expert ("Expert"). The policy sets out the standards of conduct, and professional behaviours that you must adhere to.

All Authorised Users, MROs and Experts should at all times conduct themselves in accordance with their own professional regulator's standards. This policy is intended to complement those professional standards. If in the unlikely event you consider that there is any conflict between the provisions of this policy and your own regulator's professional standards then those standards should prevail. Any such conflict must be advised to MedCo immediately.

Authorised Users, MROs and Experts not adhering to the standards set out in this document will be acting in breach of their agreement(s) with MedCo ("Agreement"). MedCo reserves the right to conduct investigations which may lead to suspension or termination of any of their Agreement. Referrals may also be made to other regulatory agencies or organisations including but not limited to the Solicitors Regulatory Authority, Financial Conduct Authority, General Medical Council, Insurance Fraud Bureau, Health and Care Professions Council and Information Commissioner's Office.

The Standards

As an Authorised User, a MRO or an Expert the standards of conduct, performance and ethics that you must keep to are to:

1. Act in the best interests of the Claimant;
2. Respect the confidentiality of the Claimant;
3. Keep high standards of personal and professional conduct;
4. Provide to Medco any important information about your conduct and competence;
5. Keep your professional skills and knowledge up to date;
6. Keep accurate records;
7. Behave with integrity;
8. Comply with the relevant Civil Procedure Rules, Practice Directions and Protocols;
9. Comply with the MedCo Rules and the Agreement.

Applying the Standards

As an Authorised User, MRO, or Expert you must make sure that you are familiar with the standards and that you keep to them. If concerns are raised about you as an Authorised User, MRO, or Expert,

MedCo may consider such factors as it, at its own discretion, considers necessary (including without limitation the factors set out in this policy) when deciding whether it needs to take any action.

The standards are written in broad terms and are designed to apply to all Authorised Users, MROs and Experts as far as possible. MedCo acknowledges that some of the standards may not apply to all Authorised Users, MROs, or Experts.

MedCo aims to ensure that a high standard of professional conduct is maintained by Authorised Users, MROs and Experts. This is so that the general public and all Authorised Users, MROs and Experts can have confidence in the Services provided by MedCo and those organisations and individuals who use the MedCo Database. The standards are to be considered objectively and there are no hard and fast rules as to how the standards are to be met. Authorised Users, MROs and Experts, as autonomous and accountable professionals, will need to make reasonable decisions about their practice and how best to meet the standards. MedCo has however set out general guidelines to provide a little more detail as to what is expected of you. If you have any queries, please contact enquiries@medco.org.uk.
