

## How to:

- Add a practising address
- Date: 6 December 2022
- Owner: MedCo Registration Solutions

## Introduction

In order to become an operational Direct Medical Expert, practising addresses must be added to your account and maintained regularly.

It is important to note that the **MedCo Policies document** defines a practising address as addresses which an Expert regularly practices from.

In addition to the definition, at paragraph 19 of the **MedCo Policies document** there is further clarity on how often an address will need to be used in order for it to be considered "regular".

The published **MedCo Rules** at paragraph 33 also says "Medical examinations must be undertaken at suitable Addresses which are confidential, private, safe, secure and are a professional environment."

The volume and type of practising addresses are regularly monitored.

## How to add a practising address?

- 1. log on to Medco <u>https://app.medco.org.uk/</u>
- 2. From the home page, select Manage Registration

Main Menu	
Please choose from the following op	ntions Important Information
Manage Registration	Currently there are no messages
Manage User Agreements & Financial Links
